## 5 PLAYER GAME

A 5 player game uses the same rules as a regular 2-4 player game aside from one additional rule: the 5 Player Recon Rule below.

**SETUP:** This box includes player markers, Recon tokens and extra montage dice for a fifth player. You also have a new Hero to choose from: Reverend Gray. In a 5 player game you will be using 5 gangs. Add the Rosari Vengeance and Boss cards to 4 gangs included in the base game and follow the regular setup and Wronging rules. 3 double-sided Den boards are also included. If you would like to use these, swap them out for 3 Den boards with similar  scores on both sides from the base game.

**5 PLAYER RECON RULE:** When playing a 5 player game each player gains 1 free Recon token at the start of each Montage round.

Note that Rosari Henchmen and Bosses' ability allows them to move into an adjacent zone if the player is in it. They do not follow the Hero into the entry zone.

**GANG SWAP:** You can also use the Rosari gang in 2-4 player games. Simply swap out the Vengeance and Boss cards of one of the gangs in the base game with those of the Rosari.
